THE TRAIL OF
PAINTED PONIES

Gloria

Artist: Emily Overman

Church bells can be heard ringing softly in the distance. The cold, icy wind picks up. Shimmering gold dust fills the night sky. A beam of light shines down from Heaven. And *Gloria* appears soaring through the clouds, surrounded by angels singing, "Glory to God in the highest, come, adore the newborn king."

Sleigh Ride

Artist: Laurie Cook

Muses the artist behind *Sleigh Ride*: "If I were Santa, this is how I would deliver my local packages. It's so much more genteel than sneaking down chimneys in the middle of the night! What better way to bring presents and cheer on Christmas than to glide through the beautiful countryside, watching cardinals flit from tree to tree, the only sound the musical jingle of sleigh bells accompanied by an occasional snort from my horse, whom I shall name Gingerbread?"

Holiday Ice

THE TRAIL OF PAINTED PONIES

Holiday Ice

Artist: Kami Wahl

Asked to recall a vivid image from Christmases past and to create a unique Painted Pony that captured that memory, the artist responded, "I remember looking out my window on cold winter days and seeing glimmering icicles sparkling in the sunlight. As they melted in the sunshine, drop by drop, I would marvel at the translucent shades of blue and white that the icicles reflected off the freshly fallen snow."

Spooked

THE TRAIL OF PAINTED PONIES

Spooked

Artist: Jennifer MacNeill-Traylor

Inspired by the artist's favorite holiday, *Spooked* features a hauntingly delightful mix of classic Halloween characters. An eerie ghost emerges from a jack o'lantern on the base with more ghosts floating up through the Pony's legs. The spots on the Appaloosa's blanket have changed into a witch, black cat and bats. *Spooked* celebrates a childhood love for trick-or-treating, carving pumpkins, scary stories and Halloween fun... and it glows in the dark.
